EXPERIENCE

**Designer / Advisor**
Consultant • March 2025 – Current • NY, NY
Interim founding designer for several AI-driven startups – in edtech, fintech, and gaming. I define their product design foundations and help them build great teams.

**Epic Games**
Group Director, UXUI • May 2020 – March 2025 • SF, CA
I led a 50+ team with a primary focus was on Fortnite's developing platform presence—the shared social, marketplace, and discover experiences of its frontend, as well as its user-generated content development tools. Defined a scalable design system for Epic's tools, services, and games.

Also led design for: Epic Games Store PC/mobile app; Epic Online Services SDK; ArtStation; Fab.com.

**Electronic Arts**
UX Director • May 2016 – May 2020 • SF, CA
Led the design of the subscription-focused DTC PC gaming EA App and EA Play on partner platforms, as well as social functions including cross-play. Also owned all identity and commerce UX for EA.

UX Lead • Apr 2014 – May 2016 • Orlando, FL
I led significant feature areas for concurrent redesigns of EA.com and EA's PC app 'Origin', as well as managing a team responsible for interactive marketing initiatives.

**Barnes & Noble**
Sr UX Designer • Mar 2012 – Mar 2014 • NYC
Led the design of the Home, Profile, and Shop experiences for the Nook HD+ tablet, as well as the companion web and mobile app experiences. Owned the design system.

**Amazon**
Sr UX Designer • Aug 2010 – Mar 2012 • NYC
Owned critical search and discovery features for the cross-platform launch of Instant Video.

**Early Career**
Designer/Art Director • May 2006 – Aug 2010 • LA & NYC
Started my career at LACMTA, building a foundation of information design and understanding diverse customer needs. Then worked at a few agencies and freelanced.
